Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end; and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousand of fatal illnesses occur every year unbered in by a little injudicious expoure and seemingly trifling symptoms. Beyond this, there are today counlies invalide who concern, and were theremore gaze no concern, and were thereto "colds," which at the time of occurfacts of the singular story says that durreson gave no concern, and were therefore neglected.
